

70th PICPA ANNUAL NATIONAL CONVENTION

November 25-28, 2015/ Puerto Princesa, Palawan

PICPA 2015-2016 THEME

“SHARING SUCCESS...BEYOND BORDERS”

“Technology, economies, business environment, regulations, have re-defined traditional roles of the CPA. With the continuing professional education that he religiously pursues, the CPA is able to withstand the challenges and even thrive in any environment.

With this achievement, his role and his responsibilities today now extend beyond the accounting profession, prompting self-evaluation, re-invention and crossing personal borders. The fruit from all of these is a deeper sense of social responsibility, involvement and participation equated with love of country, integrity and of what is moral and upright.

Crossing personal borders is crossing comfort zones to improve the quality of the profession, of the public, of enterprises and of life in general.

The new CPA leads change, works as a partner, drives results and is concerned with adding value to the profession.

The new CPA indeed crosses borders and in the processes eliminates the same borders to achieve unified goals and achieve results.”

To complement this year’s theme, the 70th PICPA Annual National Convention will engage members of our profession with Technical Sessions that will enhance their competencies and share successes beyond varying borders:

Beyond their geographical borders...

- SESSION 3: Filipino CPAs Competing Beyond Borders
- SESSION 1: Roundtable Discussion: The Evolving Role of Services on Global Value Chain
- SESSION 7: The Philippine Financial Markets in the Midst of ASEAN Integration

Beyond the traditional borders of Accountancy Profession...

- SESSION 2: The Dynamics of the Governance, Risk & Compliance (GRC) Ecosystem
 - The Critical Role of Enterprise Risk Management
- SESSION 5b: Roundtable Discussion: Sustainability Forum
- SESSION 6: Emotional Intelligence: The Emotional Side of the Balance Sheet

Beyond the borders of our time...

- SESSION 5a: Roundtable Discussion: The Next Generation Filipino CPA
- SESSION 4a: Salient Features & the Value of Reforms in the New Auditor’s Report
- SESSION 4b: IFRS 15 in Focus: The Impact of Revenue Recognition on Various Industries & Sectors

Likewise, the all-time favorites **Sectoral Fora, and Business Regulators’ Updates** will feature discussions that will further enhance our members’ technical competencies.
